DETAILED ACTION

Claims 1-9 are pending and examined upon the merits in the following office action.

Drawings

New corrected drawings in compliance with 37 CFR 1.121(d) are required in this application because blurred photos are not acceptable for publication. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-9 are rejected under 35 U.S.C. 102(b) as being anticipated by Karam et al (2000. Scientia Horticulturae 86:235-246).

The claims are drawn to a method of producing cyclamen root tubers and a method of propagating cyclamen comprising cutting off portions of roots and culturing the root tissue in a Murashige and Skoog medium wherein the medium is reduced by

1/3 to 1/2 and contains 0.01 to 10mg/L of benzylaminopurine, 10 to 100 g/L of sucrose and 6 to 8 g/L of agar.

Karam et al discloses a method of forming micotubers wherein root tissue was cut from 7-week old seedlings and cultured on half-strength basal MS medium containing up to 3 mg/mL of benzylaminopurine, 0.1 mg/L of NAA (a phytohormone) and 3% sucrose (page 237 first 3 paragraphs in particular), wherein tubers were formed (pages 239-242, in particular page 241 and Table 2 and Figure 3). Solid media was also disclosed using the above conditions also including .8% agar (see page 236).

No claims are free of the prior art.

No claims are allowed.
